RECRUITMENT & EMPLOYMENT OPPORTUNITIES

Join the SickKids team.

**Develop,
provide &
support**

the best in paediatric care.

Dedicated exclusively to children and their families, The Hospital for Sick Children is a world-renowned state-of-the-art paediatric health care facility affiliated with the University of Toronto.

Affectionately known as SickKids, the hospital is committed to ongoing learning and development, and features a caring and supportive work environment.

RADIOLOGIST-IN-CHIEF

The Hospital for Sick Children, a paediatric academic health science centre fully affiliated with the University of Toronto is inviting applications for Radiologist-In-Chief. The successful candidate will be an internationally recognized leader, scholar and respected clinician. The successful candidate must have the leadership qualities and administrative skills necessary to direct a large department, while fostering an environment of academic and clinical excellence. The successful candidate will be the chair holder of the Ontasian Chair in Paediatric Diagnostic Imaging at The Hospital for Sick Children.

The Hospital for Sick Children is a tertiary care, world-renowned facility committed to providing excellence in care, research and teaching. The Department of Diagnostic Imaging at The Hospital for Sick Children is a major paediatric referral centre. The Hospital has more than 350 beds and performs in excess of 140,000 diagnostic examinations each year. The department has been actively growing with new state-of-the-art equipment, including 3T MR suites, an Image Guided Therapy Suite and a PET/CT. The Department is a full partner in the University of Toronto's Residency Training Program, and supports a fully-accredited Fellowship Training Program in Paediatric Radiology with fellowship opportunities available in all domains of paediatric Diagnostic Imaging. There is an active research program, and strong collaborations with the Research Institute.

Applicants must possess a medical degree and the equivalent of the Canadian Royal College Fellowship in Diagnostic Imaging and be eligible to be appointed at the rank of Associate or Full Professor.

Candidates should submit their curriculum vitae by April 8, 2011 to: Dr. Stanley Zlotkin, Vice-President, Academic and Medical Affairs, 555 University Avenue, Toronto, Ontario, Canada M5G 1X8. E-mail: stanley.zlotkin@sickkids.ca.

SickKids®

University of Toronto

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from visible minority group members, women, Aboriginal persons, persons with disabilities, members of sexual minority groups and others who may contribute to further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Healthier children. A better world.

RECRUITMENT & EMPLOYMENT OPPORTUNITIES

Your musculoskeletal (MSK) sonography clinical expertise is needed.

ARDMS, a premier international sonography credentialing organization for medical imaging professionals and physicians, invites you to share your clinical expertise by participating in the MSK Job Task Analysis (JTA) survey.

ARDMS®
The globally recognized
standard of excellence
in sonography

The results of the survey will determine the content outline for the new MSK credentialing examination. ARDMS will release the MSK credentialing examination in 2012. Visit www.ARDMS.org/MSKJTA today.

For more information about the ARDMS or the MSK credentialing visit www.ARDMS.org/MSK.

Accredited under ANSI-ISO 17024 and NCCA, ARDMS® sets a standard for enhanced patient safety and health.

It's the Island calling

General Radiologist (Part-time & Full-time)

Duncan, Vancouver Island

The VIHA Department of Medical Imaging has a part-time and a full-time Radiologist opportunity at the Cowichan District Hospital (110-acute beds 82,000 referral base), located in Duncan.

You will hold FRCPC in Radiology and join three other full-time Radiologists participating in a 1:5 paid on-call schedule. Services provided include: general x-ray, CT (64 slice), ultrasound, bone densitometry, mammography and fluoroscopy all within a fully functional PACS environment. Current procedures include: diagnostic mammography, minimal interventional (i.e. core biopsies, FNA, nephrostomies, abscess drainage). Planning is currently underway to hopefully include MRI in the practice in the future. Join a collegial medical community of family physicians and a full spectrum of specialist colleagues, including sub-specialists in neurology, urology and ENT.

Duncan, located in the beautiful Cowichan Valley, enjoys a mild climate, with year-round recreational activities. Lush countryside surrounds scenic coastal villages and charming inland communities. Housing is affordable and public education is complemented by renowned local private schools with Victoria only 45 minutes away.

Remuneration is fee-for-service augmented by Level 1 MOCAP for on-call services. Candidates may be eligible for additional remuneration in accordance with the Rural Subsidiary Agreement including: recruitment incentive and relocation reimbursement; fee-for-service premium; annual retention premium, and graduated CME funding.

Please forward your CV, cover letter and the names of three references no later than March 4, 2011 to: Brenda Warren, Manager Physician Recruitment. Email: physicians@viha.ca or Fax: (250) 716-7747 or www.viha.ca/medical_affairs/recruitment

Corporate Chief and Medical Director for Diagnostic Imaging

New and exciting opportunity with
Canada's largest urban community hospital

The Scarborough Hospital and its two sites serve a vibrant community of a million people in the Greater Toronto Area. The Hospital's leadership in community healthcare is internationally recognized and includes an association with the University of Toronto.

As Corporate Chief and Medical Director you will provide both strategic and collaborative leadership to staff, discipline-specific physicians, partners and stakeholders. You will organize the delivery of services, oversee the quality of service and professional practice, continually improve the integration and performance of services and be a consummate team builder as you evolve a comprehensive quality assurance program, spearhead research and make optimum use of resources. Reporting to the Chief of Staff and working in concert with the Administrative Director for Diagnostic Imaging, you will harmonize all diagnostic services and personnel at both Hospital sites.

An active Member and Fellow in good standing of the Royal College of Physicians and Surgeons in Canada, you have at least three years of clinical leadership experience. A proven manager of professionals, you have become a thought leader in the delivery of healthcare, combining both strategic and operational vision to drive change and continuous improvement.

To express your interest in this breakthrough position, please call Tony Woolgar at 416-902-2974 or forward your resume, in complete confidence, to tony.woolgar@lesp.ca
